

My Y Story The Cano Family

**FOR YOUTH DEVELOPMENT®
FOR HEALTHY LIVING
FOR SOCIAL RESPONSIBILITY**

Our Y story began two years ago. We moved back to the Northeast and I was looking for child care for my 3 year old and 8 month old. I went to the YMCA as a child so the first place I looked for child care was our local YMCA. Little Rascals had an opening and we have been there ever since.

It is fantastic! My children are so well cared for. I love the family aspect of it. The staff treat my children as if they were their own. My children are so excited to go to Little Rascals. Archer liked Mr. Malik and Maverick loves Mr. Brian and runs to him in the morning.

The communication is excellent. When I pick up my kids the staff tells me about their day and the Tadpoles system is also great to see what's happening during the day.

If a friend asked me about the program I would tell them to definitely sign up and they will feel comfortable leaving their children there.
